

COMMON CORE MATH 2

Instructor Information

Sarah Fischer
WHS 9th Grade Center
Room 1410

Spring Schedule

1st Period: Honors CCM2
2nd Period: Planning
3rd Period: Honors CCM2
4th Period: Honors CCM2

Help Time

I am available for extra help on Wednesday morning 7:05-7:30, during A lunch by appointment, or after school by appointment.

CCM2 Tutoring

Location: Main Campus
Tues and Thurs
2:30-4:30
Room #: TBD

Please come get help!

Grading Scale

100-93	A
92-85	B
84-77	C
76-70	D
Below 70	F

Class Website:
mathwithmsfisch.weebly.com

Course Information:

Building knowledge learned during Common Core Math 1, this course deepens students understanding on topics such as linear relationships, geometric concepts, types of functions and probability. The geometry standards that appear in this course explore more complex geometric situations and move toward formal mathematical arguments. Upon successful completion of Common Core Math 2, students will go on to take Common Core Math 3 next school year.

Required Materials:

- Binder (@ least 1 inch is recommended)
- 1 composition book (with graph paper is recommended)
- Loose leaf notebook paper
- Graph paper
- Pencils
- Colored pencils
- Graphing calculator

Graphing Calculator Requirements:

Students are required to have a GRAPHING calculator for this course. The TI-83+ or TI-84+ is recommended. (The TI-Nspire is acceptable as long as your child uses the TI-84+ faceplate for all quizzes and tests.) **They must bring their calculator to class every day.** If the purchase of a graphing calculator is not feasible at this time, WHS has the option to check out a calculator for the semester on a first come first served basis. Students/parents must complete a loan agreement (parent signature must be witnessed by any school official or form must be notarized). Loan forms can be obtained by any teacher or online:

<http://mathwithmsfisch.weebly.com/supply-list.html>

Please note: Not having a graphing calculator is not an excuse. Students who do not have a graphing calculator will be at a disadvantage in this course and will be unable to complete much of the coursework, including tests and quizzes. If you have questions concerning this requirement, please contact me.

Concerning Grades:

Grades are based on a total points system and will be calculated by the following:

Quarter Grade = (total points earned)÷(total points available)

Final Grade = 40% (3rd quarter) + **40%** (4th quarter) + **20%** (Final exam)

Typical Points Breakdown(subject to change per assignment):

Homework/Classwork: 25 points per unit

Quizzes: 30-50 points

Tests/Projects: 100 points

Homework Completion:

You must practice to become proficient! Expect to spend time on content every night – whether through homework, studying for assessments, or reviewing for understanding. Homework will be checked for completion DAILY through the mathXLforschool.com website. Students created an account for MathXL on the first day of class and majority of homework assignments are to be completed online through the website.

Want course updates??

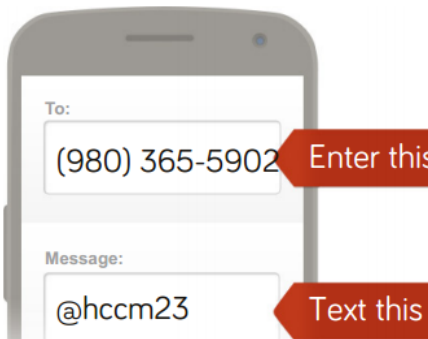

Sign up for a Remind101 account to receive free text messages or email reminders for upcoming assignments.

1st Period Honors CCM2 Students/Parents:

Or to receive messages via email, send an email to hccm21@mail.remind101.com.

3rd Period Honors CCM2 Students/Parents:

Or to receive messages via email, send an email to hccm23@mail.remind101.com.

4th Period Honors CCM2 Students/Parents:

Or to receive messages via email, send an email to hccm24@mail.remind101.com.

MathXL provides examples and videos for each problem to assist students in completion of their online assignments. This will prove to be beneficial for students who typically struggle with math homework. Technical issues must be communicated by a parent or guardian prior to the assignment due date. Email sfischer@wcpss.net with any issues.

Course Website:

Ms. Plant has a course website with additional resources and course materials. In the event a student is absent, they should look at the website prior to attending class. Notes and tutorial videos will be posted. Additionally, my website is a great place for parents to see what is happening in our classroom.

<http://www.mathwithmsfisch.weebly.com>

Course Expectations:

You can be successful if you take responsibility for your own progress.

1. Follow directions quickly.
2. Be Positive.
3. Take Responsibility.
4. Tell the truth.
5. Do your best. Always.
6. Help each other.
7. Follow all WHS policies & procedures

Wakefield High Honor Code: The students of Wakefield High School are committed to being honest and responsible in the completion of academic materials and interactions with the school administration and community. Cheating, stealing, plagiarism (passing off another's work, words, or ideas as one's own), and lying (including willful distortion or misrepresentation) are considered violations of the Honor Code. Through a joint fulfillment of this code, students and faculty will achieve their fullest potential in academic excellence and character.

Attendance Policy:

Don't miss class! But, if you do . . .

1. It is your responsibility to find out what you missed and to make it up. Borrow and copy a classmate's notes. Get any handouts missed when you return to class. Get another student to help you with the material outside of class and/or come in for extra help.
2. Assessments must be made up within **one week**, per my availability.
3. If you miss the day before the test, you are still expected to take the test on the scheduled test day. Notes/review will always be posted on Ms. Fischer's website.

Electronic Device Policy:

There will be in-class opportunities in which you may utilize your cell phone or other technology to participate in a lesson or activity. In such case, technology should be used appropriately and put away directly after the activity. Failure to do so will result in immediate consequences.

1st offense: Warning 2nd Offense: Confiscated until end of class

3rd Offense: Administrative Referral- Phone taken to office for parent pick-up
